

WASTEWATER DEPARTMENT  
WORK REPORT

Nov 18th – Dec 3rd, 2018

Perform daily operation and maintenance of the Wastewater facility. Attend weekly managers meetings and monthly JPC meetings. Tri-weekly SPS (Sewage Pump Station) checks. DMR and Ops reports completed and submitted to DEC for the month of October. Assist Water Dept with computer issues. Assist Parks Dept. setting up Christmas Decorations x 2. Repair all heaters in plant. Oil change done on the bar screen gearbox. Assist H2O Dept. with electrical issues at Industrial Park Station. Onsite at the water plant for the replacement of the backup generator. 25 UFPOs completed. Inspect line hit by DOT. Replace manhole lid hit by plow. Clean C117 screens. Budget work. To date 15.490 million gallons of sewage treated for month of November, with 3.38 in of rainfall recorded at the plant. Flows higher than usual for November due to the increased rainfall.
