Local Law No. 3 of the year 19 79

A local law Amending Sewer Ordinance No. 152  
(Insert title)

Be it enacted by the Board of Trustees of the  
(Name of Legislative Body)

County  
City of Watkins Glen  
Town  
Village as follows:

1. That sewer ordinance No. 152 be amended by repeal of Section 2, subdivision (d), thereof and the addition of a new Section 2 subdivision (d) which shall read as follows:

The owner of all houses, buildings or properties used for human occupancy, employment, recreation, or other purpose, situated within the Village of Watkins Glen and within one hundred (100) ft. or 30.5 meter of existing or future public sanitary sewer of the Village, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper public sewer in accordance with the provisions of the ordinance, within ninety (90) days after date of official notice to do so, provided that said public sewer is accessible and available.

2. That said ordinance be amended by repeal of the Section 5 subdivision (c) (1) (7) thereof and the addition of a new Section 5, subdivision (c)1(7) which shall read as follows:

Any water or wastewater shall be within the following limits at the point of entry into the municipal collection system.

3. That said ordinance be amended by repeal of Section 5, subdivision (f) thereof and addition of a new Section 5, subdivision (f) which shall read as follows:

The admission into the public sewers of any waters or wastes having (a) a 5-day Biochemical Oxygen Demand greater than 300 parts per million by weight, or (b) containing more than 350 parts per million by weight of suspended solids, or (c) containing any quantity of substances having the characteristics described in Section 5 (c) or (d) having an average daily flow greater than 2% of the average daily sewage flow of the Village or (e) exceeding the pretreatment standards of that category of industrial waste established pursuant to Section 307 of PL 92-500, shall be subject to the review of the Village. Where necessary, in the opinion of the Village, the owner shall provide, at his sole expense, such preliminary treatment as may be necessary to: (a) reduce the Biochemical Oxygen Demand to 300 parts per million and the suspended solids to 350 parts per million by weight, or (b) reduce objectionable characteristics or constituents to within the maximum limits provided for in Section 5 (c), or (c) control the quantities and rates of discharge of such waters or wastes. Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of both the Village and the Village Health Officer, and no construction of such facilities shall be commenced until said approvals are obtained in writing.

4. That said ordinance be amended by repeal of Section 7, subdivision (a) and the addition of a new Section 7, subdivision (a) which shall read as follows:

The Village, New York State Department of Environmental Conservation, and United States Environmental Protection Agency or their duly authorized employees bearing proper credentials and identification, shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling, and testing, in accordance with the provisions of this ordinance.

5. The said ordinance be amended by repeal of Section 5, subdivision (i) and the addition of a new Section 5, subdivision (i) which shall read as follows:

All measurements, tests, and analyses of the characteristics of water and wastewater to which reference is made in Sections 5c and 5f shall be determined in accordance with "Standard Methods for the Examination of Water and Wastewater" latest edition, and shall be determined at the control manhole provided for in Section 5h, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer from the point where the building sewer is connected.
