

WATER DEPARTMENT  
DAILY WORK REPORT

March 4 – March 17, 2019

Performed daily operations, U.F.P.O's. Changed empty chlorine tank. Board of Health sent a group to run several tests, evaluate filters and a general overview of all plant operations. Worked on and repaired 4" water main in the town of Reading. Reading and the village worked together to complete job. Drew monthly samples. Meter reading completed early as John left for class D training. Contractor stopped to see what he will need to start electrical work in plant. Working on the conversion of zebra mussel station from gas to liquid chlorine. Still working on water feed line for new analyzers.
