

WATER DEPARTMENT
DAILY WORK REPORT

November 4 – November 19, 2019

Performed daily operations, U.F.P.O's. Changed empty chlorine cylinder. Still working at 206 Reading Rd. found galvanized piping. Department of Health stopped for annual inspection. Inventoried dressers, fittings, etc. and ordered accordingly. Drew fourth quarter THM, HAA samples and monthly bac-t samples. Hydrant parts have arrived. Ordered meter parts for water plant. John Barnes property now has its own water service and meter. Looked at lines found by railroad near Fourth St. (old brine lines). Water line now live and active under canal to new wastewater facility property. Picked up around shop getting ready for inspection.
